The Family Case Manager (FCM) will:

 Notify the parent, guardian, or custodian of the allegation(s) and request consent to interview the child unless exigent circumstances exist. See separate policies, <u>4.5</u> Consent to Interview Child and <u>4.6 Exigent Circumstances</u>;

[NEW] Note: An assessment involving domestic violence does not warrant an automatic removal to ensure the safety of the child(ren). Domestic violence does not always constitute exigent circumstances to interview the child(ren) without first seeking parental consent. See separate policy, 4.4 Required Interviews for further information.

- Locate the subjects of the Child Abuse and/or Neglect (CA/N) intake report (e.g. the alleged victim, victim's parent(s), guardian(s), or custodian, and alleged perpetrator).
 See separate policy, 4.7 Locating the Subjects;
- 3. Identify him or herself and show proper identification at the onset of each interview.
- 4. Follow appropriate procedures for gaining entry into the home or facility. See separate policy, <u>4.8 Entry into Home or Facility</u>;

- Visually examine an alleged child victim as necessary to confirm alleged or suspected bodily injuries. See separate policy, <u>4.14 Examining A Child</u>. Photograph visible trauma found on any child or secure photographs that have been taken by a medical professional or LEA. See separate policy, <u>4.15 Photographing Trauma</u>;

- 9. Conduct an assessment of the home environment. See separate policy, <u>4.13 Assessing</u> Home Conditions;

- 13. Discontinue the interview if at any point the FCM becomes concerned for his or her safety (e.g. the individual becomes hostile or threatening or there are other dangerous conditions in the home). Seek supervisory input to make alternate arrangements to complete the assessment;
- 14. If the alleged perpetrator is a DCS staff member, notify the accused employee's Regional Manager or the DCS Human Resources Office. See separate policy, 2.4 Assessment and Review of DCS Staff Alleged Perpetrators;
- 15. Gather additional information necessary to make a determination about the validity of the allegations:
- 16. Document all information gathered during the assessment;
- 17. Seek supervisory input as needed throughout the assessment;

- 25. If any allegations are substantiated, send notice to the perpetrator(s) regarding their rights to a review and an appeal of the decision. See separate policies, <u>2.1 Requests for Administrative Review</u>, and <u>2.5 Administrative Appeal Hearings</u>.

PRACTICE GUIDANCE

[NEW] Domestic Violence Assessments

The primary focus of intervening in domestic violence cases is the ongoing assessment of the risk posed to child(ren) by the presence of domestic violence. The challenge in providing Child Protection Services (CPS) in domestic violence cases is to keep the child(ren) safe without penalizing the non-offending parent and without escalating the violent behavior of the alleged domestic violence offender. The primary responsibility of DCS is to determine the overall risk to the child(ren) and take appropriate action to ensure their continued safety.

Every family will be assessed for the presence of domestic violence whether or not it was a part of the <u>Preliminary Report of Alleged Child Abuse or Neglect (SF 114/CW0310)</u> intake report. The purpose of this assessment is to assess the nature, severity, and impact of the alleged domestic violence on the child(ren).

CA/N assessments may increase the risk to the child(ren) and other family members when domestic violence is present. It is important to consider how the assessment process will affect the safety of all involved and take action as outlined in this chapter.

RELATED INFORMATION

Physically Seeing and Interviewing All Children in the Home

It is necessary for DCS to conduct a **face-to-face** interview with **all** children living in the household because they may have witnessed the alleged CA/N, and there is a possibility that they may also be victims. For children who are too young or unable to communicate, an interview will consist of face-to-face interaction with the child at a level that is appropriate given the child's developmental status.

Gathering Additional Information

Sources of additional information may include but are not limited to: relatives, neighbors, school officials, teachers and other employees, physicians, other professionals, or agencies in the community, and law enforcement. Such persons should only be contacted when the FCM has reason to believe they have pertinent information.

It is important to note that the purpose of gathering additional information is to gain knowledge that may aid in the assessment, not to release **confidential information** already gathered. Confidentiality regarding the reporting source of the additional information must also be maintained.

Communication with Supervisor

Because the Supervisor provides the first level of quality assurance within the system, it is important the Supervisor be updated and consulted as necessary throughout the assessment.

Contacting LEA

Each DCS local office must develop Inter-Agency Agreements with their local LEA to outline procedures on the handling of new CA/N intake reports.

Homeless Unaccompanied Minors

Exigent circumstances exist when assessing a report of a homeless unaccompanied minor receiving shelter without the presence or consent of a parent, guardian, or custodian present. The parent, guardian, or custodian of the child must be notified within **48 hours** of DCS receiving the report, but no later than **72 hours** of the child entering the shelter. DCS must notify the parent, guardian, or custodian that the child is in a shelter and has been interviewed by DCS. If DCS has reason to believe that the child is a victim of child abuse or neglect, DCS may not notify the parent, guardian, or custodian as to the specific shelter or facility the child has entered. If DCS determines that the child is unsafe and the coercive intervention of the court is needed, refer to separate policy, **4.28** Involuntary Removals for procedures to follow.
